

LEARN FRENCH

APPRENDRE LE FRANÇAIS

ACPI understands the desire of **all school staff** (early childhood educators, educational assistants, office administrators, library technicians, custodians, etc.) to **enhance their level of French** when working in a French immersion school. We are pleased to provide a short list of recommendations vetted by our ACPI team to assist interested school staff along their path towards **bilingualism**.

APPLICATIONS

The choices are endless! Here are a few classics.

[Mondly](#)

Mondly combines conversation focused curriculum, speech recognition, and bite-sized lessons that will get one fluent faster, easier and smarter.

[Pimsleur](#)

With Pimsleur, one listens to two native speakers, while a tutor coaches the student on how to respond. Each lesson is scientifically-sequenced to listen and then respond for 30 minutes a day.

[HelloTalk](#)

Connects with native speakers of one's target language and creates meaningful learning experiences. Features language learning partnerships. There are no actual structured language lessons.
